

**ValleyView Alliance Church**  
**Nursery & Preschool Motto**

*Our little ValleyViewers need to experience worship and know that God loves them here at VVAC!*

**Never Alone** – *Our babies & preschoolers are cared for by regular attenders of VVAC who have their child safety clearances on file and who love children.*

**Loving God** – *Children learn about God and who He is by the way their needs are met. As they play, enjoy their milk, drink & snacks, are rocked to be comforted and have their diaper/potty needs attended to, they know that they are loved and cared for by a loving God through your hands of love!*

**Loving Others** – *Children learn to share their toys and help each other as they interact and play with each other. They learn to help others as they see you helping them & others in our church.*

**Changing the World** – *These little ValleyViewers are the future church! Let's make VVAC their church now by helping them to experience God in a loving & safe place, grow in Jesus as we read His story (the Bible) to them, and encourage them as they grow into all He has for them! They are precious in His sight!*

**Thank you for your loving service in being God's hands & feet to these little ValleyViewers!**

**A child's concept of God is formed in his/her first 5 years of life! You have an important calling to give them the truth of who God is!**

**God Bless You!**
